

DocChain

CONNECTING DOCTORS AND PATIENTS

Real-time Doctor Appointments

DocChain offers a real-time appointment system.

- Eliminates delays and confusion in traditional bookings.
- Patients can instantly view doctor availability via a color-coded calendar.
- Allows users to book, modify, or cancel appointments easily.

Why Choose DocChain

- Verified doctor profiles
- Smart search filters
- Color-coded real-time slot booking
- Automated email confirmations & reminders
- Admin dashboard for analytics and system monitoring
